

Instructions for Shifting Trolleys

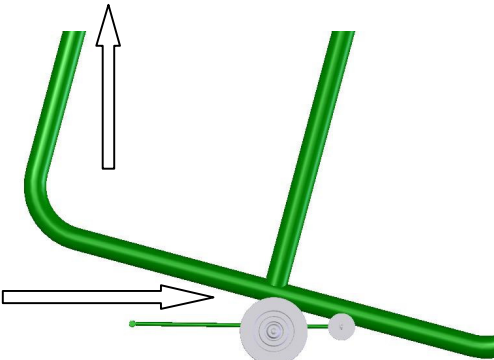

STEP 1: Place trolley near leg as shown

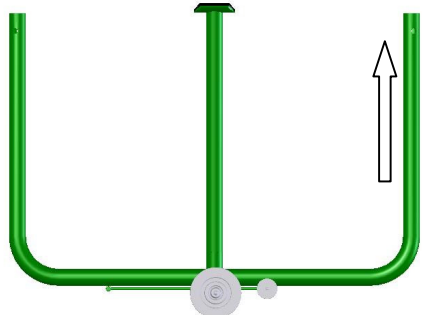

STEP 2: Slide the small wheels of the trolley under the trampoline leg, use foot to push handle down to lift trampoline.

Push handle down

STEP 3: Use hands to support the lifted side of the trampoline and use one foot to push the trolley forward under the leg until the saddle support is near the centre of the leg

STEP 4: Place the second trolley under the opposite leg on the other side of the trampoline. Your Springfree trampoline is now ready to move.
